Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
Program Action 1: Adequate Sites to Accommodate 2021-2029 RHNA	The City of Menifee has a total Regional Housing Needs Assessment (RHNA) allocation of 6,609 units for the 2021-2029 planning period. Overall, the City of Menifee has identified an adequate amount of land that has been determined as “feasible” or “potentially feasible” for future development. The residential sites inventory to address the current RHNA are described in map and tabular format in Appendix B of the 6th Cycle Housing Element. Each of the opportunity areas described in this Housing Element have been assigned a targeted acreage, and a targeted number of new housing units. The City will maintain an inventory of the available sites for residential development and track housing projects and progress toward meeting the City’s RHNA.	Ongoing	Currently being implemented.
Program Action 2: Specific Plans	The City of Menifee has 18 approved specific plans that comprise 7,200 acres of land. Of that total, 10 specific plans have significant residential development capacity that will accommodate significant new housing units. As part of the analysis of adequate sites, the City has comprehensively reviewed opportunity sites citywide and has identified the following seven Specific Plan areas of opportunity: •Cantalena Specific Plan • Newport Estates Specific Plan • Cimarron Ridge Specific Plan • Rockport Ranch Specific Plan •Menifee North Specific Plan • Legado Specific Plan • Audie Murphy Ranch Specific Plan The City of Menifee will continue to review and approve residential projects within specific plan areas and/or amend specific plans as needed to accommodate the 6th cycle RHNA.	Ongoing	Currently being implemented.
Program Action 3: Rezone Program to Accommodate Low and Very Low Income RHNA	The City of Menifee shall approve the rezone of the parcels identified in the sites analysis to HDR to accommodate the RHNA in the 6th Cycle HEU within 24 months of adoption of the Housing Element. Pursuant to Government Code Section 65583, the City shall commit to rezone to the following standards: •Accommodate a minimum of 16 units per site; •Require a minimum density of 20 units per acre; and •At least 50 percent of the lower-income need must be accommodated on sites designated for residential use only or up to 100 percent of the very low and low-income housing need can be accommodated on sites zoned for mixed uses if the mixed-use zoning: - Allows 100 percent residential use, and - Requires 50 percent of the square footage in a mixed-use development to be residential; and - Permits owner-occupied and rental multifamily residential use by-right for developments in which at least 20 percent of the units are affordable to lower-income households during the planning period.	Within 24 months of adoption of the 6th Cycle Housing Element	Completed with the adoption of Ordinance No. 2022-333 on January 19, 2022.
Program Action 4: Rezone Program to Accommodate Moderate-Income RHNA	In addition to residential use on specific plans and ADUs, the City of Menifee has identified three vacant parcels for rezone (as identified in the Candidate Sites Inventory in Appendix B). The parcels are currently zoned Economic Development Corridor Newport Road (EDC-NR) and Economic Development Corridor McCall Boulevard (EDC-MB) zones and will be rezoned to the Low-Medium Density Residential (LMDR) and Medium Density Residential (MDR) zones. The City of Menifee shall approve the rezone the parcels identified in the sites analysis to LMDR and MDR to accommodate the RHNA in the 6th Cycle HEU within 24 months of adoption of the Housing Element.	Within 24 months of adoption of the 6th Cycle Housing Element	Completed with the adoption of Ordinance No. 2022-333 on January 19, 2022.
Program Action 5: Candidate Sites Used in Previous Housing Element	The City has identified 19 sites in the sites inventory contained in Appendix B of this Housing Element within the HDR zone that are nonvacant which were identified in the City’s 5th Cycle Housing Element for the years 2014 – 2021. Pursuant to State Housing law, any in-fill sites identified in the 5th Cycle or vacant sites identified in the 4th and 5th Cycle shall be provided by-right development when at least 20% of the units in the proposed development are affordable to lower-income households. By right shall mean the jurisdiction may not require any of the following discretionary actions: •A subdivision; •A conditional use permit; •A planned unit development permit; or •Other discretionary, local-government review or approval that would constitute a “project.” The City may impose objective design review standards on projects. The City has identified as part of this Housing Element update vacant and nonvacant sites that were used in previous Housing Elements to meet the current RHNA need. To comply with State law, the City will amend Title 9: Planning and Zoning of the Menifee Municipal Code to permit residential uses by-right for housing development in which at least 20-percent of the units are affordable to lower-income households for sites that: 1) Were included in a prior Housing Element; and 2) All vacant sites included in two or more consecutive planning periods that permit by right development for projects that meet the requirements of State housing law. These sites are identified in Appendix B.	Within 36 months of adoption of the 6th Cycle Housing Element	Completed with the adoption of Ordinance No. 2023-370 on April 5, 2023 - A Development Code Amendment for by right approval of 20 percent affordable projects on non-vacant carry over sites to accommodate the lower income RHNA, completing Housing Element Program Action 5 as required for final HCD certification of the City’s adopted Housing Element.
Program Action 6: Promotion of Accessory Dwelling Unit (ADU) and Junior Accessory Dwelling Unit (JADU) Development	The City updated the Menifee Municipal Code to comply with State ADU law which expands where ADUs can be constructed and removes barriers to the development of these types of units. Recent legislation limits how local jurisdictions can regulate ADUs thus making it easier to build ADUs. The City recognizes the significance of this legislation and that facilitating the construction of ADUs is an important component towards meeting the City’s RHNA. One way the City will facilitate construction of ADUs in the future is by offering to the public a variety of pre-approved ADU construction plans. Made possible through, SB2 Planning Grant Program funds, the City has retained the services of an architect to prepare pre-approved ADU plans (up to four plans and four architectural styles available for each plan). The plans will be fully code-compliant construction drawings minimizing time and costs associated with plan check review and plan check fees. Designs are nearing completion for construction drawing phase and plans are anticipated to be available to the public in early 2022. The City will aggressively support and accommodate the construction of at least 43 ADUs by a variety of methods, including but not limited to: •Developing and public awareness campaign by developing public outreach materials on the City’s website and other print and digital media, such as an ADU Guidance Handbook. •Evaluate and assess the appropriateness of additional incentives to encourage ADU development. •Preparing pre-approved, code-compliant ADU construction plans of various types and sizes that will be made available to the public for use in obtaining permits for construction of an ADU.	Analyze methods within 12 months of Housing Element adoption; Establish programs within 24 months of Housing Element adoption.	Complete & Ongoing: The Permit-Ready ADU constructions plans were launched and made available to the public on the City’s website in August of 2022. Since that time, the plans and program have been promoted on regularly on the City website, news releases and Menifee Matters (citywide publication). Additionally, on January 17, 2024, the City Council introduced an Ordinance approving updates to the ADU provisions of the Development Code for compliance with latest State laws including streamlining the ADU review process, only requiring a ministerial building plan check review, added provisions for Junior ADU’s and ADUs for multifamily development (Ordinance adoption scheduled February 7, 2024).

Program Action 7: Accessory Dwelling Unit (ADU) Tracking Program	The City of Menifee will create an ADU tracking program during the 2021-2029 Housing Element Planning Period to formally track ADU development and perform a mid-cycle assessment of the ADU development performance each year to report in the Annual Progress Report to be distributed to the California Department of Housing and Community Development in accordance with California state law as a reporting program. The City will continue to annually report staff findings within the annual report to OPR and HCD by April 1st each year.	Establish program within 12 months and Annual reporting	The City currently tracks ADUs, and will improve upon our the current tracking program/system (Accela permitting software) to incorporate mid-year assessments, track type of ADU (Permit-Ready vs. owner prepared/submitted plans), require information on rents and affordability to better assess affordability levels.
Program Action 8: Specific Plan Reporting	The City of Menifee has 18 approved specific plans that comprise 7,200 acres of land. For the 6th Cycle Update, 7 specific plans had remaining capacity to accommodate the moderate and above moderate RHNA allocations. The City of Menifee shall create an annual reporting program and report remaining capacity of these specific plans by identified income category each year in the Annual Progress Report to be distributed to the California Department of Housing and Community Development in accordance with California state law. The City will continue to report staff findings within the annual report to OPR and HCD by April 1st each year. The City must review permits for qualifying housing developments within a statutory time frame (90 days for ≤ 150 units; 180 days for ≥ 150 units). All projects covered by SB 35 are still subject to the objective development standards of the City of Menifee Municipal Code that includes the Building and Fire Codes. However, qualifying projects cannot be subject to discretionary review or public hearings; and in certain cases the City cannot require parking. Program Action 34: Density Bonus	<p>Government Code Section 65915 requires that a jurisdiction adopt a local Density Bonus Ordinance consistent with state law. State Density Bonus Law requires a local jurisdiction to grant an increase in density, if requested by a developer, for providing affordable housing as part of a development project. Key provisions of the law include incremental density bonuses that correspond to the percentage of housing set aside as affordable units. State law caps the maximum density bonus at 35 percent and allows the developer to request up to three incentives or concessions, if required to provide the affordable units. The law also provides reduced parking requirements and allows requests for waivers of development standards, such as increased height limits and reduced setback requirements. The developer must provide reasonable documentation demonstrating that incentives reduce costs to provide for affordable units and that waivers are required because the usual standards physically preclude the project from achieving the allowed density and incentives.</p> <p>The City adopted a Comprehensive Zoning Code update on December 18, 2019, including a density bonus ordinance consistent with state law, which became effective in January 2020.
