RECOMMENDED ACTION

1. Approve and authorize the filing of final map 37409-2, Legado, by Lennar Homes of California, LLC, located south of Rouse Road and east of Ballard Boulevard; and
2. Approve and authorize the City Manager to execute a Subdivision Improvement Agreement to guarantee the completion of required public improvements associated with Tract Map 37409-2.

DISCUSSION

Tract Map 37391, also known as Legado ("Development"), is an approved subdivision that consists of 331 gross acres of land to be subdivided into 18 lots for residential, commercial, and park use, and 28 lots for roads and utilities. Tract Map 37391 was recorded to establish the Development's planning areas to be further subdivided in the future. The Development is located east of Encanto Drive, south of Rouse Road, west of Antelope Road, and north of Chambers Avenue as shown in the attached Legado Site Map.

In 2024, Lennar Homes of California, LLC. ("Developer") purchased the first phase of the Development, entered into improvement agreements with the City for construction of backbone infrastructure, and began preparing three tract maps within Phase 1 ("Project"). Tract Map 37409-2 (TM37409-2), the second of the three maps within the Project, is a proposed subdivision of 20.18 gross acres of land into 67 single-family residential lots. TM37409-2 is located south of Rouse Road and east of Ballard Boulevard as shown in the attached Project Site Plan. The filing of final maps TM37409-1 & TM37409-3 have been provided as separate agenda items for City Council consideration.

The Developer is now requesting approval and filing of the final map for TM37409-2 and approval of the associated Subdivision Improvement Agreement (“SIA”) as required by the Project’s conditions of approval. The SIA requires that improvement securities are posted to guarantee the completion of the required onsite and offsite improvements. The SIA requires that public improvements be completed within 12 months from the date of City Council approval.

Staff has reviewed the Developer’s request and determined that the SIA meets the requirements of the Project’s conditions of approval. A summary of the bonds being posted to guarantee the required improvements are shown in Table 1 and Table 2 below.
