### **DISCUSSION**

As the City of Menifee grows, Menifee Police Department strives to utilize technology to create a transparent and safe environment for staff and the public. Amendment No. 6 to the existing master services agreement includes the purchase of five new license bundles to outfit the staff allocated to the department. The term length would not be impacted by this Amendment.

Pursuant to Menifee Municipal Code Chapter 3.12.090, any change order in an amount greater than \$25,000 or any change order which, when considered with the aggregate amount of all other changes to a contract, exceeds ten percent of the original contract cost, shall be approved by the City Council. All other terms of the agreement shall remain the same. The previous amendments are expressed on the following page in Table 1.

By using the NPPGov Cooperative Purchasing Agreement Contracts with the selected vendor, the City can forego the competitive bidding process and leverage the price established in the RFP process without needing to complete a bid. The prices offered by the NPPGov are a result of a competitive bid process completed by another government agency. The vendor selected from that competitive process is awarded a main contract from which other agencies can “piggyback” or obtain the same pricing/options. As allowed under the Menifee Municipal Code Section 3.12.070(6), the City can utilize a cooperative purchasing agreement in the procurement of equipment and supplies. This is advantageous to the City as it provides notable reduced pricing, as well as reduced administrative time and costs.
