Consultant will perform subsequent task orders as requested by the Contract Administrator (as defined below), in accordance with the Scope of Services. In the event of a conflict in or inconsistency between the terms of this Agreement and Exhibit A, this Agreement shall prevail.

1.3 Assignment of Personnel. Consultant shall assign only competent personnel to perform the Services pursuant to Agreement. 1.5 Authorization to Perform Services. Consultant is not authorized to perform any of the Services or incur any costs whatsoever under the terms of this Agreement until receipt of authorization from the Contract Administrator.

In the event there are any claims specifically excluded by Consultant from the operation of the release, City may retain proceeds of up to one hundred fifty percent (150%) of the amount in dispute. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of Consultant to insure, indemnify, and protect City as provided in this Agreement. City shall pay the last five percent (5%) of the total amount due pursuant to this Agreement within sixty (60) days after completion of the Services and submittal to City of a final invoice, if all of the Services required have been satisfactorily performed. SECTION 3. FACILITIES AND EQUIPMENT.

Except as otherwise provided, Consultant shall, at its sole cost and expense, provide all facilities and equipment necessary to perform the services required by this Agreement. City shall make available to Consultant only physical facilities such as desks, filing cabinets, and conference space, as may be reasonably necessary for Consultant's use while consulting with City employees and reviewing records and the information in possession of City. In no event shall City be required to furnish any facility or equipment that may involve incurring any direct expense, including but not limited to computer, long-distance telephone or other communication charges, vehicles, and reproduction facilities.

SECTION 4. INSURANCE REQUIREMENTS.

Before beginning any work under this Agreement, Consultant, at its own cost and expense, shall procure the types and amounts of insurance listed below and provide certificates of insurance, indicating that Consultant has obtained or currently maintains insurance that meets the requirements of this Section and which is satisfactory, in all respects, to City. Consultant shall maintain the insurance policies required by this Section throughout the term of this Agreement. The cost of such insurance shall be included in Consultant's compensation. Consultant shall not allow any subcontractor, consultant or other agent to commence work on any subcontract until Consultant has obtained all insurance required herein for the subcontractor(s) and provided evidence thereof to City. Verification of the required insurance shall be submitted and made part of this Agreement prior to execution. Consultant acknowledges the insurance policy must cover inter-insured suits between City and other insureds. Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which Consultant may be held responsible for the payment of damages to any persons or property resulting from Consultant activities or the activities of any person or persons for which Consultant is otherwise responsible nor shall it limit Consultant's indemnification liabilities as provided in Section 5.

4.1 Workers' Compensation. Consultant shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Consultant pursuant to the provisions of the California Labor Code. In the alternative, Consultant may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies

fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the California Labor Code shall be solely in the discretion of the Contract Administrator. The insurer, if insurance is provided, or Consultant, if a program of self-insurance is provided, shall waive all rights of subrogation against City and its officers, officials, employees, and authorized volunteers for loss arising from the Services performed under this Agreement.

4.2 Commercial General and Automobile Liability Insurance.

a. General requirements. Consultant, at its own cost and expense, shall maintain commercial general and automobile liability insurance for the term of this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000.00) per occurrence, combined single limit coverage, for risks associated with the Services contemplated by this Agreement, TWO MILLION DOLLARS (\$2,000,000.00) general aggregate, and TWO MILLION DOLLARS (\$2,000,000.00) products/completed operations aggregate. If a Commercial General Liability Insurance or an Automobile Liability Insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the Services to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from the Services contemplated under this Agreement, including the use of hired, owned, and non-owned automobiles.

Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 Code 2, 8, and 9. No endorsement shall be attached limiting the coverage.

c. Additional Requirements. Each of the following shall be included in the insurance coverage or added as a certified endorsement to the policy:

(ii) Any failure of Consultant to comply with reporting provisions of the policy shall not affect coverage provided to City and its officers, employees, agents, and volunteers.

4.3 Professional Liability Insurance.

a. General Requirements. Consultant, at its own cost and expense, shall maintain for the period covered by this Agreement professional liability insurance for licensed professionals performing the Services pursuant to this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000) covering the licensed professionals' errors and omissions. Any deductible or self-insured retention shall be shown on the Certificate. If the deductible or self-insured retention exceeds TWENTY-FIVE THOUSAND DOLLARS (\$25,000), it must be approved in writing by City.

b. Claims-Made Limitations. The following provisions shall apply if the professional liability coverage is written on a claims-made form:

(i) The retroactive date of the policy must be shown and must be no later than the commencement of the Services.

(ii) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after the expiration or termination of this Agreement or completion of the Services, so long as commercially available at reasonable rates.

(iii) If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the Effective Date of this Agreement, Consultant must provide extended reporting coverage for a minimum of five (5) years after the expiration or termination of this Agreement or the completion of the Services. Such continuation coverage may be provided by one of the following: (1) renewal of the existing policy; (2) an extended reporting period endorsement; or (3) replacement insurance with a retroactive date no later than the commencement of the Services under this Agreement. City shall have the right to exercise, at Consultant's sole cost and expense, any extended reporting provisions of the policy, if Consultant cancels or does not renew the coverage.

(iv) A copy of the claim reporting requirements must be submitted to City prior to the commencement of the Services under this Agreement.

4.4 All Policies Requirements.

a. Acceptability of Insurers. All insurance required by this Section is to be placed with insurers with a Bests' rating of no less than A:VII and admitted in California.

b. Verification of Coverage. Prior to beginning the Services under this Agreement, Consultant shall furnish City with certificates of insurance, additional insured endorsement or policy language granting additional insured status complete certified copies of all policies, including complete certified copies of all endorsements. All copies of policies and certified endorsements shall show the signature of a person authorized by that insurer to bind coverage on its behalf. The certificate of insurance must include the following reference: **PLACEMAKING, IDENTITY, & TOURISM MASTER PLAN.** The name and address for additional insured endorsements, certificates of insurance and notice of cancellation is: City of Menifee, 29844 Haun Road, Menifee, CA 92586. City must be endorsed as an additional insured for liability arising out of ongoing and completed operations by or on behalf of Consultant.

c. Notice of Reduction in or Cancellation of Coverage. Consultant shall provide written notice to City within ten (10) working days if: (1) any of the required insurance policies is terminated; (2) the limits of any of the required policies are reduced; or (3) the deductible or self insured retention is increased. In the event any of said policies of insurance are cancelled, Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 4 to the Contract Administrator.

d. Additional Insured; Primary Insurance. City and its officers, employees, agents, and authorized volunteers shall be covered as additional insureds with respect to each of

the following: liability arising out of the Services performed by or on behalf of Consultant, including the insured's general supervision of Consultant; products and completed operations of Consultant, as applicable; premises owned, occupied, or used by Consultant; and automobiles owned, leased, or used by Consultant in the course of providing the Services pursuant to this Agreement. The coverage shall contain no special limitations on the scope of protection afforded to City or its officers, employees, agents, or authorized volunteers. The insurance provided to City as an additional insured must apply on a primary and non-contributory basis with respect to any insurance or self-insurance program maintained by City. Additional insured status shall continue for one (1) year after the expiration or termination of this Agreement or completion of the Services.

A certified endorsement must be attached to all policies stating that coverage is primary insurance with respect to City and its officers, officials, employees, and volunteers, and that no insurance or self-insurance maintained by City shall be called upon to contribute to a loss under the coverage.

e. Deductibles and Self-Insured Retentions. Consultant shall obtain the written approval of City for the self-insured retentions and deductibles before beginning any of the Services.

During the term of this Agreement, only upon the prior express written authorization of the Contract Administrator, Consultant may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers. The Contract Administrator may condition approval of an increase in deductible or self-insured retention levels with a requirement that Consultant procure a bond guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.

f. Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

g. Variation. The Contract Administrator may, but is not required to, approve in writing a variation in the foregoing insurance requirements, upon a determination that the coverage, scope, limits, and forms of such insurance are either not commercially available, or that City's interests are otherwise fully protected.

4.5 Remedies. In addition to any other remedies at law or equity City may have if Consultant fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option, exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Consultant's breach:

a. Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under this Agreement;

b. Order Consultant to stop work under this Agreement or withhold any payment that becomes due to Consultant hereunder, or both stop work and withhold any payment, until Consultant demonstrates compliance with the requirements hereof; and/or

c. Terminate this Agreement.

- a. Immediately terminate this Agreement;
- b. Retain the plans, specifications, drawings, reports, design documents, and any other work product prepared by Consultant pursuant to this Agreement;
- c. Retain a different consultant to complete the Services described in Exhibit A; and/or
- d. Charge Consultant the difference between the cost to complete the Services described in Exhibit A that is unfinished at the time of breach and the amount that City would have paid Consultant pursuant to Section 2 if Consultant had completed the Services.

SECTION 9. KEEPING AND STATUS OF RECORDS.

9.1 Records Created as Part of Consultant's Performance. All reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form that Consultant prepares or obtains pursuant to this Agreement and that relate to the matters covered hereunder shall be the property of City. Consultant hereby agrees to deliver those documents to City upon the expiration or termination of this Agreement. It is understood and agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for City and are not necessarily suitable for any future or other use. Any use of such documents for other projects by City shall be without liability to Consultant. City and Consultant agree that, until final approval by City, all data, plans, specifications, reports, and other documents are confidential and will not be released to third parties without prior written consent of both Parties unless required by law.

9.2 Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, rights of reproduction, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, test data, survey results, models, renderings, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings, digital renderings, or data stored digitally, magnetically, or in any other medium, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents and Data"). Consultant shall require all subcontractors to agree in writing that City is granted a non-exclusive and perpetual license for any Documents and Data the subcontractor prepares under this

Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents and Data. Consultant makes no such representation and warranty in regard to Documents and Data which were prepared by design professionals other than Consultant or provided to Consultant by the City. City shall not be limited in any way in its use of the Documents and Data at any time, provided that any such use not within the purposes intended by this Agreement shall be at City's sole risk.

9.3 Consultant's Books and Records. Consultant shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, and other records or documents evidencing or relating to charges for the Services or expenditures and disbursements charged to City under this Agreement for a minimum of three (3) years, or for any longer period required by law, from the date of final payment to Consultant under this Agreement. All such records shall be maintained in accordance with generally accepted accounting principles and shall be clearly identified and readily accessible.

9.4 Inspection and Audit of Records. Any records or documents that Subsection 9.3 of this Agreement requires Consultant to maintain shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of City. SECTION 10. MISCELLANEOUS PROVISIONS.

10.1 Attorneys' Fees. If either Party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provision of this Agreement, the prevailing Party shall be entitled to reasonable attorneys' fees and expenses including costs, in addition to any other relief to which that Party may be entitled; provided, however, that the attorneys' fees awarded pursuant to this Subsection shall not exceed the hourly rate paid by City for legal services multiplied by the reasonable number of hours spent by the prevailing Party in the conduct of the litigation. or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting Party on any default shall impair such right or remedy or be construed as a waiver. Understanding of the Assignment

The Hunden Partners Team, including California-based marketing and engagement experts with Westbound Communications (Hunden or Team), is pleased to respond to the City of Menifee's (City or Client) request for proposals to complete a Placemaking, Identity, and Tourism Plan (Plan) for the City of Menifee, California. The Hunden Team proposes to analyze the current tourism assets and aspirations of the community, to determine opportunities for strategic placemaking-related growth, and to produce actionable recommendations.

The City of Menifee was incorporated in 2008 and, with a population of over 100,000, is a rapidly growing bedroom community. Surrounded on all sides by strong destinations, including Anaheim, Laguna Beach, Palm Springs, Big Bear Lake, and others, Menifee is seeking to establish itself as a place for visitors to stay, not simply pass through. The City currently serves as a "gateway" to these other destinations, but desires to establish itself as a destination for visitors and enhance quality of life for residents. Hunden will determine the placemaking gaps and opportunities faced by Menifee, as well as consider the opportunity for a signature event which could help bolster the City's attractiveness to transients and residents alike, and prescribe actionable steps to achieve a more robust destination through product development. This will be supplemented by local engagement and online marketing efforts led by Riverside-based Westbound Communications (WC).

Rooted in data-driven research and stakeholder community member input, the Plan will focus on destination assessment, product retention, expansion, attraction and development, and prioritization of efforts that will best support the growth and competitiveness of the City's tourism economy.

Scope of Services

We understand that the scope identified in the RFP was divided into five primary work phases. We have a proven methodology for this type of placemaking and tourism plan initiative and believe the following work plan addresses the primary key steps needed to set the City of Menifee up for continued Placemaking planning and destination growth. With the City's budget in mind, we have separated out some scope items and services as optional add-on components to consider.

Hunden Partners proposes to complete the following scope of services to arrive at a final Menifee Placemaking, Identity, and Tourism Plan:

- Task 1 – Kickoff and Discovery
- Task 2 – Creation of Webpage and Resident Sentiment Survey
- Task 3 – Public and Stakeholder Engagement
- Task 4 – Menifee Destination Overview
- Task 5 – Economic and Demographic Analysis

- Task 6 – Destination Product/Signature Events/Asset Opportunity Analysis
 - Concerts and Entertainment Facilities
 - Sports Facilities and Outdoor Recreation
 - Retail and Dining Nodes
 - Ag/Expo/Fairgrounds
 - Convention and Meetings Facilities/Districts
 - Winery, Brewery, Distillery and Food Hall
 - Hotels
 - Attractions, Including Waterparks and Theme Parks
 - Parks, Trails and Outdoor Space
 - Signature Festivals and Events
- Task 7 – Product Investment and Signature Events Recommendations
- Task 8 – Creation of Final Placemaking Plan

Optional Add-On Services - Hunden has worked alongside SMARI and Convergence Design on several Tourism and Placemaking Plans. Many of these plans include the following services:

- SMARI Visitor Sentiment Surveys
- Tourism Workforce Assessment
- Diversity and Inclusion Best Practices
- Architect Services – Land Use, Designs, Layouts, Cost Estimates by Convergence Design

Methodology

Task 1: Kickoff and Discovery

Hunden will perform the following orientation and due-diligence oriented tasks during a three-day in-market kickoff trip and site visit to Menifee:

- Connect with and obtain information/data from Explore Menifee, City and County Departments and officials, key stakeholders, and any others as identified by the Client.
- Tour Menifee's existing tourism assets including hotels, nightlife, entertainment and event centers, conference and meeting facilities, sports venues, parks, attractions, and any others.
- Hunden and WC will collaborate with the City to identify community activities that provide potential opportunities to engage the public and solicit feedback throughout the creation of the Plan.
- Stakeholder interviews and focus groups (as described further in Task 3).
- Obtain and review previously completed studies and/or current project plans as relevant. A more in-depth review of existing studies, plans and policy documents will occur in Task 4.

Task 2: Creation of Webpage and Resident Sentiment Survey

Westbound Communications, in collaboration with Hunden Partners, will develop a webpage to serve as an information resource throughout development of the Plan. WC will proactively manage the page, including posting appropriate project information, graphics, and photographs, connecting with appropriate agencies and stakeholders, and monitoring online conversations to correct misinformation. Westbound will develop a monthly schedule of messages in coordination with City communications, which will be posted several times each week.

Public/Resident Sentiment Survey. Creation of the webpage will include collaboration with the City to develop an online public survey for community input relating to the Plan and the future of Menifee. This survey will be part of the larger "perception engagement program" implemented throughout the study. The perception engagement program includes all efforts within the scope of work that involve feedback regarding the destination and its assets, including from city officials, residents, existing and potential visitors, and others.

Hunden will facilitate and complete an electronic resident survey process, utilizing SurveyMonkey or similar, to gather feedback from those living in the area. The survey gives residents an opportunity to share anonymous responses to questions related to the local tourism economy, job creation, new business growth, perception of assets, and general opinion through a resident lens. Hunden will require Client assistance to either push the survey to their social media feed, put on their website or provide a list of email addresses (or all of the above) for us to be able to complete the survey process.

Deliverables: Upon completion of the kickoff trip and creation of the webpage, Hunden will provide the City with a detailed work plan that outlines the schedule for the remainder of the study. This deliverable check-in will occur approximately 2-4 weeks after the notice to proceed, dependent primarily on scheduling of the kickoff and discovery visit (RFP scope task 1.5). This deliverable check-in will also include a draft version of the resident survey for Client review.

Task 3: Public and Stakeholder Engagement

In order to arrive at an action plan that is inclusive and reflects the community's stakeholders and residents, Hunden will conduct a series of outreach initiatives to engage with key stakeholders, community members and area leadership. Hunden will collaborate with City staff on all logistics for the in-person stakeholder meetings. Please note that stakeholder and public engagement is an iterative process that will span the duration of the study process as needed in order to best inform the final Plan. A public involvement/stakeholder memorandum will be provided at the conclusion of Task 9.

Stakeholder Interviews. Hunden will interview and obtain information from the Client and other city and county officials, economic development officials, and local business leaders and organizations that the Client deems appropriate. Primary meetings will be conducted during the in-person kickoff, while others will be managed virtually over Zoom as schedules and stakeholder availability dictates.

Focus Groups. Hunden will conduct a number of focus groups in-person during the initial kickoff trip and site visit. This will facilitate conversations that will help us understand the needs of community members, business owners, and other key players to help determine objectives of the Placemaking Plan and possible future placemaking product development opportunities.

Deploy Resident Sentiment Survey. Once the draft resident sentiment survey is approved, Hunden will issue the survey through the agreed upon channels. Hunden will gather responses and present findings with recommendations in Task 7.

Task 4: Menifee Destination Overview

During the kickoff trip, Hunden will tour the existing tourism assets and destination developments in Menifee to understand what the area has been able to offer in the past and what it believes it has the ability to induce in the future.

Hunden will profile the current supply of destination and placemaking product, offerings and events, address the character of supply, and gather performance and visitation data as appropriate and necessary to inform the analysis. Each assessment will identify product and event gaps in the region and point towards the strengths, weaknesses, and opportunities for the area to expand its placemaking product offerings.

Additionally, Hunden and WC will collaborate to complete an audit of the City's current identity and tourism efforts. This will help determine organizational and communitywide gaps that may hinder future growth.

The Team will review and synthesize strategies found in the following documents, along with any other key data provided by the City:

- City of Menifee Strategic Plan
- Parks Master Plan
- City of Menifee General Plan
- Smart Cities Master Plan
- City of Menifee Comprehensive Economic Development Strategy
- Surrounding Tourism Strategies in the region, as available and relevant
- Local surrounding city/county regional identities, as available and relevant

Task 5: Economic and Demographic Analysis

Hunden will evaluate Menifee's position as an economic center of activity as well as a destination for visitors. This analysis will provide a realistic assessment of the area's strengths, weaknesses, opportunities and threats (SWOT). Hunden utilizes the latest market data, visitor origin data, demographic data, psychographic data, and other resources to determine a comprehensive view of your marketplace.

Task 6: Destination Product/Asset Opportunity Analysis

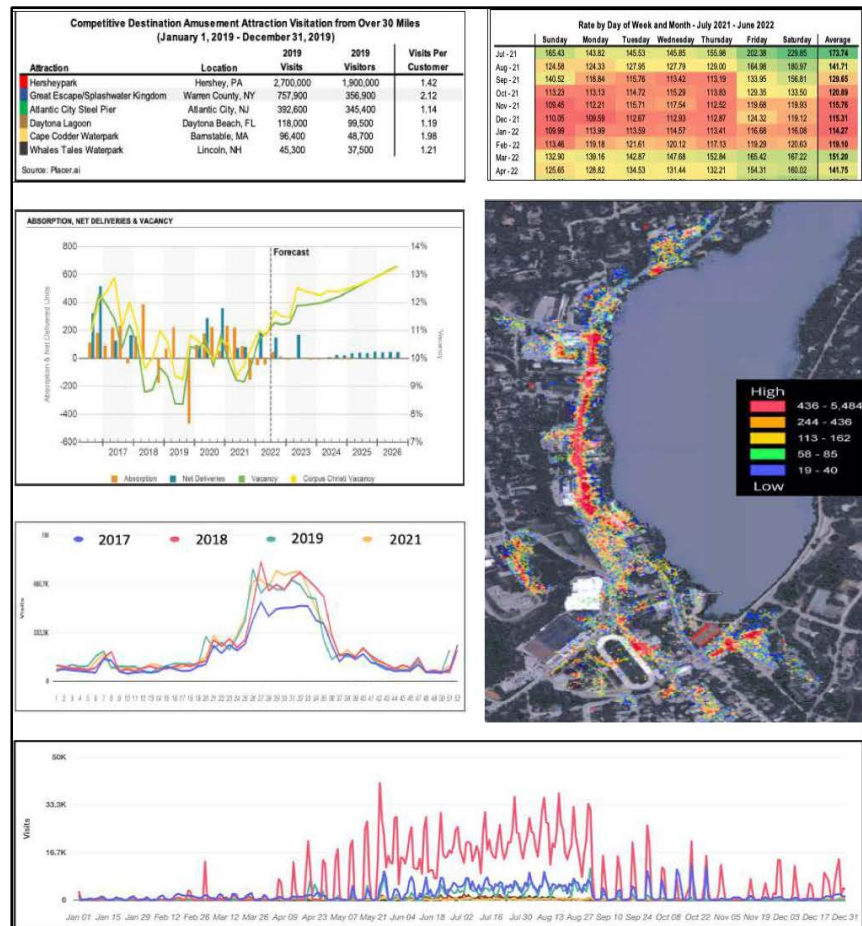

Hunden will assess Menifee's competitive set of tourism assets, as determined by Hunden and the Client upon contract negotiations and approval, to determine gaps and opportunities for product growth. We assess what we call the destination's 'ten pillars of place', which typically include:

- Concerts and Entertainment Facilities,
- Sports Facilities and Outdoor Recreation,
- Retail and Dining Nodes,
- Convention and Meetings Facilities/Districts,
- Ag/Expo/Fairgrounds,
- Winery, Brewery, Distillery and Food Halls,
- Hotels,
- Attractions, Waterparks and Theme Parks
- Parks, Trails and Outdoor Space, and

www.hunden.com

■ Signature Festivals and Events.

For each, Hunden will conduct a competitive assessment to address inventory/quantity, location, quality, capacities, gaps and opportunities. Using our cell phone-based data and detailed reports from Placer.ai, Hunden will analyze the demographics and visitation data for key tourism assets in Menifee. Hunden can compare multiple places and their audiences and then view them by “visitor personalities” as defined by Mosaic: Who they are, how they spend their income and what else they do. This analysis will address visitation levels, including in-transit visits between regions in California and beyond. This allows us to summarize current performance of existing tourism assets and segments, as well as untapped markets. Select sample output is illustrated in the following figures taken from some of Hunden’s prior tourism and destination development plans.

Demand Interviews. Hunden will conduct interviews with tourism officials, hoteliers, attraction management/ownership, event facility management, public officials, economic development representatives, event planners, sports tournament directors, and show promoters. Hunden will get its most informed responses from phone/Zoom interviews with these key stakeholders. These interviews will help determine what product(s) could thread the needle to improve the market's offerings. Often, new, unique product can significantly outperform existing stock if there is a gap in quality, age, location, etc. that could induce new demand and higher rates to the submarket.

Task 7: Product Investment and Signature Events Recommendations

Product Investment Recommendations. Hunden will provide recommendations for the optimal use types and new placemaking products, events and experience developments based on findings and opportunities identified through the prior engagement and market research efforts. The recommendations will be based on the existing market supply, gaps, opportunities and optimizing current and expected trends. Hunden will provide a recommendation or priority by type of use for each, as appropriate.

While specific sites will not be chosen at this stage of study, Hunden will advise on optimal site parameters, quality and general development needs will be noted, as appropriate.

The product recommendations are only the first step, as individual feasibility studies will need to be conducted before any investments should be made. The future action steps will be identified and outlined in the final Placemaking Plan.

Signature Events Recommendations. Up to two signature events and their parameters will be identified. The signature event recommendations will include an accompanying timeline for implementation including pre-planning activities, implementation, and post-event activities. Seasonality, venue considerations, primary audience, and other factors will be identified.

Task 8: Creation of Final Placemaking Plan

Final Master Plan. Hunden will create a Final Placemaking Plan that prioritizes short- and long- term goals, the necessary future actions to meet the goals, resources that may be used to reach goals, and a timeline or list of most- to least-essential. Westbound Communications will provide high-level implications for marketing and branding of the recommendations, including the signature event. Hunden will deliver a priority list of specific product development that will enable Menifee to grow both leisure and meetings/group business. The focus will be on diverse opportunities that will generate new business mid-week and year-round.

Public Involvement/Stakeholder Memorandum. Upon delivery of the draft Plan, Westbound Communications and Hunden will collaborate to provide the compiled results of all public engagement efforts, including the webpage and online communications, stakeholder meetings, and resident survey.

Milestones and Deliverables

Hunden Partners proposes the following key milestones, deliverables and communication touchpoints throughout the master plan process:

- **Kickoff Organizing Call** – Once the administrative engagement paperwork process is complete, Hunden will schedule an initial kickoff organizing call/Zoom with the Client team for introductions and to schedule the in-person site visit, tours, and meetings. Hunden will send a kickoff memo outlining requests for data, scheduling arrangements, and key contact information.
- **Task 1 Site Visit/Local Discovery and Engagement** – Members of the Hunden key personnel team will travel to Menifee to conduct a three-day in-person kickoff trip with the Client, including stakeholder meetings, focus groups and interviews and tours of the area's tourism assets.
- **Circle Back Call** – After the kickoff trip, Hunden will schedule a 'circle-back call' with the Client to wrap up data requests and any outstanding discovery phase items.
- **Check-In Calls** – Throughout the study process, Hunden can schedule weekly check-in calls with the Client to ensure timely forward direction through the study process. Calls will occur on an as-needed basis rather than weekly, unless otherwise negotiated.

- **Final Master Plan** – Hunden will complete all elements of the scope of work into a final Master Plan, which will be delivered to the Client electronically.
- **Presentation to City Council** – The Hunden Team will present the findings of the Master Plan to City Council in-person.

Estimated Timing

We expect the overall timeline for Hunden's proposed scope of work to be approximately six months, assuming prompt Client responses and availability. Any additional scope items may increase the timeline for the Study. Hunden Partners remains flexible and will work with the Client to arrive at an optimal work plan timeline.

Please note that typically there are three to four weeks needed prior to the start of this timeline for scope and contract negotiations, paperwork authorization, and scheduling/logistics planning needed from notice of award to the start of the kickoff and discovery process.

Our estimated timeline is illustrated in the following figure.
