

Exhibit A

Fire Hazard Severity Zones

In accordance with Government Code Section 51178 the City hereby designates the Fire Hazard Severity Zones (FHSZ) as recommended by the California Department of Forestry and Fire Protection pursuant to Government Code Section 51178. The most recent FHSZ in Local Responsibility Area (LRA) Map is on file at the office of the Fire Chief, which supersedes other maps previously adopted by Riverside County designated fire hazard areas.

Government Code section 51176 requires the State Fire Marshal to identify areas in the state as moderate, high, and very high fire hazard severity zones based on consistent

statewide criteria and based on the severity of fire hazard that is expected to prevail in those areas. Moderate, high, and very high fire hazard severity zones shall be based on fuel loading, slope, fire weather,

and other relevant factors including areas where wildfires have been identified by the Office of the State Fire Marshal as a major cause of wildfire spread.

The State of California and the Department of Forestry and Fire Protection make no representations or warranties regarding the accuracy of data or maps. Neither the State nor the Department shall be liable under any circumstances for any direct, special, incidental, or consequential damages with respect to any claim by any user or third party on account of, or arising from, the use of data or maps.
