Appendix A – Assessment Rolls
Appendix B – County Service Area Maps

WHEREAS, the Board of Supervisors of the County of Riverside, State of California, did, pursuant to the provisions of the County Service Area Law as set forth in Government Code Section 25210.1 et seq., for the levy and collection of charges for extended governmental services provided in County Service Areas; and

WHEREAS, Upon incorporation on October 1, 2008, the City of Menifee (the "City") assumed the responsibility for certain County Service Areas ("CSA") now within the City's jurisdictional boundaries, and now is responsible for the services and charges provided by CSA 33 Street Lights, Parks & Recreation, CSA 43 Street Lights, CSA 84 Street Lights, CSA 86 Street Lights, Roads & Sheriff, CSA 138 Street Lights, and CSA 145 Street Lights, Landscaping, Parks & Recreation (the "Districts"). As a result, the authority to levy assessments within the Districts was transferred from the County of Riverside (the "County") to the City; and

WHEREAS, the City Council of the City of Menifee directed Spicer Consulting Group, LLC to prepare and file a Levy Report (the "Report") for Fiscal Year 2021-22 presenting the plans and specifications for the maintenance and operation of authorized services, service area maps, and an assessment of the estimated costs of the maintenance and operation of the authorized services; and

WHEREAS, the Fiscal Year 2021-22 assessments are shown in this Report with certain properties within these Districts permitted to increase the maximum assessment by 2% as established by a report prepared by the County at the time of annexation into the Districts; and

NOW THEREFORE, the following assessments are made to finance the maintenance and operation of authorized services within the Districts:

The Districts were established to provide extended governmental services including street light maintenance, landscape maintenance, road maintenance, sheriff services, and parks and recreation maintenance.

Street Light Maintenance

The street lighting improvements may include but are not limited to electrical energy, lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- ◆ Public street lighting within the residential subdivisions;
- ◆ Public street lighting, traffic signals, and other public lighting facilities on the streets surrounding or adjacent to the development as well as other public areas associated or necessary for development of properties within the Districts.

Landscape Maintenance

The landscape maintenance may include but is not limited to the maintenance and servicing of turf, ground cover, shrubs, trees, plants, irrigation and drainage systems, ornamental lighting structures, masonry walls or other fencing, entryway monuments, and associated appurtenant facilities located within the streetscape (parkway and slope perimeter landscaping) surrounding the development and within public rights-of-way.

Road Maintenance

Road maintenance may include but is not limited to shoulder and curb maintenance, signing and striping, pothole repair, traffic signal maintenance, asphalt overlays, slurry sealing, and damaged and deteriorated road reconstruction.

Sheriff Services

Sheriff services may include but are not limited to responding to citizen calls for assistance, follow-up investigation, crime lab services, crime prevention programs, and related police activities in the area.

Park and Recreation Maintenance

The parks, open space areas, trails, and recreation facilities to be maintained and serviced may include but are not limited to the maintenance and care of all landscape and facilities within the park and open space area facilities that service a District. This includes trees, plant material, sod, irrigation systems, sidewalks, drainage facilities, weed control and other abatement, random security patrols, signs, monuments, and associated appurtenant facilities.

Recreational Services

Recreation services may include but are not limited to the costs associated with sporting events, leisure activities, picnics, organized social events and other miscellaneous activities associated with the recreation facilities located in public areas and park systems that service a District.

The estimate of costs has been prepared by City staff based upon the plans and specifications for the maintenance and operation of the services, as well as the historical costs of similar services provided throughout the Districts. The following tables show the estimated costs for Fiscal Year 2021-22.

Method of Apportionment of Assessment

The maintenance of landscaping, street lights, roads, and parks and recreation as well as sheriff services (hereafter referred to as the "Services") provides direct and special benefit to those properties located within each CSA. The Services enhance the properties within the Districts by providing improved erosion and water control, dust abatement, increase public safety, improve neighborhood aesthetics and property protection, increase traffic safety, and an enhanced quality of life and sense of well-being for and to the properties.

The Services maintained by the District provide no general public benefit in that the properties within each CSA are discrete neighborhoods or communities for which the improvements were installed. The Services do not extend beyond the perimeter of the boundary of each of those discrete neighborhoods or communities. It is therefore determined that all properties within the Districts benefit equally from the financed improvements and the costs and expenses for the maintenance and services are apportioned on a per parcel/acre basis per Tract of development.

The Method of Apportionment of the Assessment is based upon the relative special benefit derived from the improvements and conferred upon the real property within each CSA over and above general benefit conferred upon the real property within each CSA or to the public at large. The Assessment for each parcel varies by each development Tract and District as it was set at the time of annexation. At the time of annexations each tract's assessment was calculated by dividing the total annual costs by the total number of subdivided parcels within the tract to determine the annual assessment per parcel or acre.

Maximum Assessment Formula

The purpose of establishing a maximum assessment formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring costly noticing and mailing procedures, which would add to the CSA costs and assessments.

At the time of annexation into one of the Districts, a maximum assessment formula shall be applied to all parcels of land assessed within the CSA. Within the District, the maximum assessment is subject to an annual inflator of two percent (2%) per year for the following tracts:

The maximum assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. The proposed annual assessment (rate per parcel/acre) applied in any Fiscal Year is not considered to be an increased assessment if less than or equal to the maximum assessment amount. In no case shall the annual assessment exceed the maximum assessment.

Although the maximum assessment will increase each year, the actual CSA assessments may remain virtually unchanged. The maximum assessment adjustment is designed to establish a reasonable limit on CSA assessments. The maximum assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessments for the Fiscal Year require an increase and the increase is more than the adjusted maximum assessment, it is considered an increased assessment.

To impose an increased assessment, the City of Menifee must comply with the provisions of the Constitution of the State of California, Article XIII D, Section 4c, which requires a public hearing and certain protest procedures including mailed notice of the public hearing and property owner protest balloting. Property owners through the balloting process must approve the proposed assessment increase. If the proposed assessment is approved, then a new maximum assessment is established for the CSA. If the proposed assessment is not approved, the City may not levy an assessment greater than the adjusted maximum assessment previously established for the properties within the CSA.

Fiscal Year 2021-22 Assessments

Each of the developed parcels in the CSAs has been deemed to receive proportional special benefit from the maintenance and operation of the improvements in their service areas.

The following table contains a summary of the estimated Fiscal Year 2021-22 assessments and other revenue sources compared to the estimated annual costs for each of the Districts.

Assessment Roll

The actual assessment and the amount of the assessment for the Fiscal Year 2021-22 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A of this Report.

¹ Pursuant to the State Board of Equalization (SBE) as of January 1, 2021 general property taxes are no longer apportioned separately from other Ad Valorem tax revenues for each CSA by the County of Riverside and are not reflected in the Fiscal Year 2021-22 Other Revenues.

County Service Area Maps

The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report. The boundaries and areas of service for each CSA are included in Appendix B of this Report.
