Subject: Proposal Request for CIP Grant Management Services for the City of Menifee

Dear Mr. Geronimo:

KOA Corporation (KOA) is pleased to provide grant management services for the City of Menifee. Since our current contract budget is near the end of its allotted funding and at your request, we are requesting additional funds to continue providing grant management services for the 2020 Fiscal Year.

We have enjoyed assisting you thus far and look forward to continuing this great relationship with the City of Menifee. You may authorize this project by endorsing the proposal on the final page and returning a copy to our office by mail or fax. This proposal is valid for 45 days.

PROJECT UNDERSTANDING

The City of Menifee currently has several grants for CIP projects consisting of HSIP Cycle 7, Cycle 8, Cycle 9, SSARP, and SB-1 funding. Just recently, the City obtained TDA Article 3 grants. KOA is positioned to assist the City manage with both existing and new grants.

The foreseen tasks for grant management may include but are not limited to the following:

- Obtaining environmental clearance, including preparing the Preliminary Environmental Study (PES) form
- Requesting R/W Certification
- Preparing Request for Authorization (RFAs) packages which include: PS&E requirements, checklists, finance letters, cost estimates, and data sheets
- Assisting with federal bid package requirements, setup of proper filing systems, reporting and monitoring requirements
- Invoicing support & proper file-keeping to support a clean audit review

Also at the City's request, KOA may also assist with preparing grant applications to garner additional funding. Our staff has been considerably successful in winning grants for a number of public agencies. We are very familiar with the process of various grants, gathering the right data to support applications, and writing applications in the agency's favor.

SCOPE OF SERVICES

The detailed scope of work is described below:

Task 1 – Required Documentation Submittal for Funding Agencies

KOA shall prepare documentation required for submittal depending on certain conditions, such as the funding source (State or Federal) and project scope of work. Many funding programs are initiated by Caltrans, which is the major funding agency that releases call for projects for several highly competitive funding programs such as the Active Transportation Program (ATP), Highway Safety Improvement Program (HSIP), and Systematic Safety Analysis Report Program (SSARP). These programs require submittal of documentation based on the Local Assistance Procedure Manual (LAPM). As previously stated, the City currently participates in Caltrans' E-76 Pilot Program that has consolidated a number of the individual LAPM forms previously required.

It is important to note that Caltrans regularly updates LAPM forms, and at times will delete certain documents that no longer apply. KOA will check for updates of these documents and update our database with any changes.

KOA will ensure that all required documentation is completed to ensure that funded projects are progressing as the grant schedule states.

Task 2 – Scheduling

Maintaining a project's schedule will require significant coordination between all parties involved in the project. Common causes for deviation from the project schedule will likely result from unexpected submittal requirements, miscommunication between parties, and absence or lack of task leaders managing grant related efforts. Challenges faced when attempting to follow a project schedule have included prolonged review periods from Caltrans for required studies and documents such as the Preliminary Environmental Study (PES), environment studies resulting from the PES, and Right-of-Way Certificate. These documents often require Caltrans to review the studies and may also require some effort from Caltrans staff to contact external parties that may be impacted by the proposed project. Task 3 and 4 will provide details on KOA's efforts to ensure that scheduling impacts are mitigated or absent through coordination efforts with all parties involved in the project.

Task 3 – Coordination with City Staff and Consultants

As the proposed grant management firm, we will need to be involved in all phases of the project. This will require that we coordinate with City staff and consultants involved in the PS&E process. City staff will be informed of all required documentation and additional grant management efforts at each phase of the project from beginning to end. In order to manage grants to the best of our abilities we will need to coordinate with consultants involved in the project. KOA will ensure that consultants are informed of the City's stake in the project, scheduling, as well as other requirements set forth by the Local Assistance Procedures Manual (LAPM)

Task 4 – Coordination with Funding Agencies and Documentation

We will continue our coordination effort between the City, Caltrans, and additional contacts as needed to obtain information and clarification. To ensure that Caltrans is supporting the grant, we will continually check-in with the Local Assistance Engineer for reviewing submitted documents, providing comments,

approving forms, providing status updates, and performing any other work necessary to meet grant deadlines.

FEE ESTIMATE

The fee will be based upon the cost of time, materials, and reproduction expenses for KOA. The table below shows billing rates for KOA staff assigned to the services:

Invoices will be submitted monthly, based upon our estimated percentage of completion. Accounts are past due after 30 days. All work will be immediately stopped if any invoice is unpaid for 60 days or more, and such delinquent invoice payments may be subject to a late payment penalty of 1.5 percent per month and/or turned over to a collections agency at our discretion.

ATTORNEY’S FEES

In the event that legal action is necessary to enforce the payment terms of this agreement, KOA shall be entitled to collect from the client any judgment or settlement sums due plus reasonable attorney’s fees, court costs and other expenses incurred by KOA for such collection action and, in addition, the reasonable value of the KOA’s time and expenses spent for such collection action, computed according to the KOA’s prevailing fee schedule and expense policies.

TERMINATION

The Client or KOA may terminate this agreement by giving the other party seven days written notice of such termination. KOA shall receive fee payments from the Client proportionate to the services completed as of the date of termination. The Client will be entitled to receive deliverables at the level of completion relative to the fee payments received by KOA. All outstanding valid invoices shall be paid to

KOA. The client shall within thirty (30) calendar days of termination pay KOA for all services rendered and all costs incurred up to the date of termination, in accordance with the compensation provisions of this contract.

CONSEQUENTIAL DAMAGES

Notwithstanding any other provision of the Agreement, neither party shall be liable to the other for any consequential damages incurred due to the fault of the other party, regardless of the nature of this fault or whether it was committed by the Client or KOA, their employees, agents, subconsultants or subcontractors. Consequential damages include, but are not limited to, loss of use and loss of profit.

DISPUTE RESOLUTION

Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to arbitration or the institution of legal or equitable proceedings by either party. The Client and KOA shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect. Request for mediation shall be filed in writing with the other party to this Agreement. The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

LIMITATION OF LIABILITY

In recognition of the relative risks and benefits of the project to both the Client and the Consultant, the risks have been allocated such that the Client agrees, to the fullest extent permitted by law, to limit the liability of KOA to the Client and to all construction contractors and subcontractors on the project for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, so that the total aggregate liability of KOA to all those named shall not exceed \$50,000, KOA's total fee for services rendered on this project, whichever is greater. Such claims and causes include, but are not limited to negligence, professional errors or omissions, strict liability, breach of contractor warranty.

INSURANCE

KOA is fully able to meet the insurance requirements of projects of this type. The firm has coverage in the following areas: Professional Liability (\$1 million per claim, \$2 million aggregate), Automobile Liability (\$2 million) and General Liability (\$5 million). Our Worker's Compensation coverage meets the insurance requirements of California State law.

GOVERNING LAW

The laws of the State of California will govern the validity of this Agreement, its interpretation and performance. Any litigation arising in any way from this Agreement shall be brought in the courts of that State.
