

CITY OF MENIFEE

SUBJECT: Parks Master Plan Update Workshop

MEETING DATE: August 10, 2022

TO: Planning Commission and
Parks, Recreation, and Trails Commission

PREPARED BY: Kori Jones, Management Analyst II

REVIEWED BY: Mariana Mitchell, Community Services Manager

APPROVED BY: Jonathan Nicks, Community Services Director

RECOMMENDED ACTION

1. Review the presentation and comment or provide input for the Parks Master Plan Update.

DISCUSSION

The Parks Master Plan Update is the City's opportunity to revisit and build upon existing goals and policies for Menifee's city operated parks, trails, and recreation programs. This process focuses on gauging current opinions and priorities of the community which has experienced rapid growth experienced in the years since the adoption of the original Parks, Open Space, Trails and Recreation Master Plan in 2016. Community Services has hired KTU+A to spearhead the outreach and data collection. KTU+A is a firm, based in San Diego, with extensive experience developing master plans and recently assisted with completion of the Active Transportation Plan with the City's Engineering Department.

In addition to mailing out a statistically valid survey, and launching an abbreviated online survey, KTU+A has begun to engage the community and key stakeholders via public workshops. These workshops are intended to identify areas of interest and opportunity related to the development of the parks system, park amenities and programs. A presentation of initial findings and City Council workshop has been scheduled for October 5, 2022.

As key stakeholders in the planning and development of the parks system, staff is asking for all Commissioners to contribute thoughts and suggestions for the Parks Master Plan Process.

A tentative schedule of this and other public workshops for community engagement has been provided in Table 1 on the following page.

Table 1 – Tentative Public Engagement Opportunities

Date/Time	Meeting Type	Participants	Location
