Environmental Information: A Notice of Availability of the Draft Environmental Impact Report (DEIR) was published in *The Press Enterprise* on June 7, 2022, sent to responsible and trustee agencies, and mailed to surrounding property owners within 300 feet of the project site, stating that copies of the DEIR were available for public review on the City's website, at the City of Menifee City Hall, the Sun City Library and Menifee Library. The public review period was for the State-mandated 45 days, from June 7, 2022, through July 21, 2022. Analysis presented in the Draft EIR indicated that the proposed project would have certain significant and unavoidable air quality and greenhouse gas impacts as described in detail in the DEIR. The DEIR also presented mitigation measures, which will reduce project-specific and cumulative impacts. All other environmental effects evaluated in the DEIR are considered less than significant, or can be successfully mitigated below the applicable significance thresholds.

The Final Environmental Impact Report (FEIR) responds to the comments and includes text revisions to the DEIR in response to input received on the Draft EIR. Unlike the Draft EIR, comments on the Final EIR are not required to be responded to by the City. If written comments are received, they will be provided to the Planning Commission as part of the staff report for the Project. The DEIR and FEIR will be submitted to the Planning Commission and City Council for requested certification and action on the Project.

The FEIR is available on the City of Menifee Community Development Department website: <https://www.cityofmenifee.us/325/Environmental-Notices-Documents>. Additionally, hard copies of the FEIR can be viewed at:

The Project site is not included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 (California Department of Toxic Substances Control list of various hazardous sites).

Any person wishing to comment on the proposed Project may do so in writing between the date of this notice and the public hearing and be heard at the time and place noted above. All comments must be received prior to the time of public hearing. All such comments will be submitted to the City Council, and the City Council will consider such comments, in addition to any oral testimony, before making a decision on the proposed Project.

If this Project is challenged in court, the issues may be limited to those raised at the public hearing, described in this notice, or in written correspondence delivered to the City Council at, or prior to, the public hearing. Be advised that as a result of public hearings and comment, the City Council may amend, in whole or in part, the proposed Project. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the proposed Project, may be changed in a way other than specifically proposed.
