### **RECOMMENDED ACTION**

1. Approve and authorize the City Manager to execute Amendment No. 2 to extend the Professional Services Agreement with the Western Riverside Council of Governments and Yunex, LLC for streetlight maintenance services through December 31, 2023.

### **DISCUSSION**

In 2014, the Western Riverside Council of Governments (WRCOG) Executive Committee directed staff to initiate a regional effort to help jurisdictions purchase their streetlights from Southern California Edison. Once purchased, streetlight lamps would be retrofitted to LED, and maintenance would be implemented under a regional contract, which has 11 jurisdictions currently participating. The WRCOG Regional Streetlight Program Project was completed on June 25, 2020.

The First Amendment to the Amended and Restated WRCOG Professional Services Agreement between WRCOG and Siemens Mobility, Inc. (Agreement) became effective November 22, 2019. On July 1, 2021, Siemens transferred its Intelligent Traffic Signal Unit to the new brand name of Yunex LLC. The attached Second Amendment to the Agreement will extend operation and maintenance services provided by Yunex LLC until December 31, 2023.

Approval of the proposed amendment to the Agreement with Yunex LLC would provide continued maintenance to over 7,000 street lights managed by the Public Works Department.

### **STRATEGIC PLAN OBJECTIVE**

Safe and Attractive Community

### **FISCAL IMPACT**

Funding for the extended Agreement of streetlight maintenance through December 31, 2023, is available in the approved Fiscal Year 2022/2023 Budget in the various streetlight accounts throughout the General Fund, Gas Tax and Special Districts as determined by the location of the light requiring maintenance.

### **ATTACHMENTS**

1. Second Amendment
2. First Amendment
3. Original Agreement
