MEETING DATE: May 17, 2023

TO: Mayor and City Council

PREPARED BY: Carlos Geronimo, Principal Engineer

REVIEWED BY: Nick Fidler, Public Works Director

APPROVED BY: Armando G. Villa, City Manager

---

### **RECOMMENDED ACTION**

1. Approve and authorize the City Manager, or his designee, to execute a Distribution Line and/or Service Extension Agreement with Southern California Edison in an amount not-to-exceed \$46,440.37 for the new Quail Valley Fire Station No. 5 Project, CIP 21-04.

### **DISCUSSION**

The new Quail Valley Fire Station No. 5 (Project) is currently under construction and is anticipated to be completed by early 2024. To deliver a turn-key facility, staff submitted an application to Southern California Edison (SCE) in November 2022 for the preparation of necessary construction drawings and a Distribution Line and/or Service Extension Agreement to provide power to the new Quail Valley Fire Station No. 5.

On April 19, 2023, staff received the final approved drawings from SCE. The final invoice amount owed to SCE for preparation of the construction drawings, installation of necessary equipment, and construction inspection services is \$46,440.37. The agreement must be fully executed, and the invoiced amount paid in full, prior to SCE commencing the construction services related to this agreement.

City Council action is required for approval of the proposed agreement with SCE as the total amount exceeds the City Manager's signing authority.

### **STRATEGIC PLAN OBJECTIVE**

**FISCAL IMPACT**

The total fiscal impact for the SCE agreement would be \$46,440.37. Available funding has been identified in the Project's Fiscal Year 2022/2023 Budget from Quality of Life (Measure DD), as summarized in Table 1 below:
